Important!

As the organisation/body requiring the Certificate, you are a link in preventing fraud. By initialing the application form at the bottom of each page, you will be helping prevent fraud. You are also responsible for verifying the authenticity of the Certificate you receive. For more information on this subject, go to www.justis.nl.

A pre-printed signature on a Certificate is sometimes not enough because an original signature is required, for instance in cases of international adoption, when you are obliged to guarantee to the foreign authorities that the signature is authentic. When you submit your application, you can ask the municipal officer to include as a special remark that your Certificate must be provided with an original signature.
